

Nicholas Weber

Front-End Web Developer & UX Designer

nikkoweber@icloud.com · (763)-218-5996 · nikkoweber.com

Professional Summary

More than three years of experience as both a designer and developer of corporate websites. Have numerous achievements under my belt, including the complete design and development of a corporate website (100+ pages including an eCommerce system) from scratch. Experience with both traditional web markup and content management systems; able to adaptably use both with proficiency.

Extensive experience with WordPress, including custom theming, building sites with Elementor, and using plugins. Can build new sites in WordPress as well as traditional web markup with quick turnaround, including sites with advanced front-end functionality.

Education

Capella University (2018-2019)

Bachelor of Science in Information Technology

Minor in Web Application Development

Experience

Web Developer Intern

Lube-Tech, Golden Valley, MN / Jan 2016 – Feb 2020
