Nicholas Weber

Web Developer

nikkoweber@live.com · (763)-218-5996

Professional Summary

More than four years of experience as both a designer and developer of corporate websites. Have numerous achievements under my belt, including the complete design and development of a corporate website (100+ pages including an eCommerce system) from scratch. Experience with both traditional web markup and content management systems; able to adaptably use both with proficiency.
