Nicholas Weber
Front-End Web Developer & UX Designer

nikkoweber@live.com · (612)-295-2668 · nikkoweber.com

Professional Summary

More than three years of experience as both a designer and developer of corporate websites. Have numerous achievements under my belt, including the complete design and development of a corporate website (100+ pages including an eCommerce system) from scratch. Experience with both traditional web markup and content management systems; able to adaptably use both with proficiency.

Education

Capella University (2018-2019)

Bachelor of Science in Information Technology
Minor in Web Application Development
